**Julia, Ben, Codie and Jake**

*What Lies Beneath... the Words* is a filmed adaptation of a session delivered by Lindsay Wegener, PeakCare's Executive Director at CREATE's *Youth for Change* Conference and at *The Encore Sessions* hosted by PeakCare and the Queensland Aboriginal and Torres Strait Islander Child Protection Peak in late 2015.

Inspired by the classic suspense thriller, *What Lies Beneath* starring Michelle Pfeiffer and Harrison Ford, our video delves into the scary things that often lie beneath the words that children and young people encounter, day in and day out, whilst living in care. Watch the real 'stars' of our video - CREATE Young Consultants, Julia, Ben, Codie and Jake - and listen to the frightening things they have to say about the impact of words and language!
